

## RELEASE OF RODENTS FORM

I, the undersigned, agree to relinquish custody of the rodents listed below to *Tiny Toes Rat Rescue of New Mexico (TTRR)*, a 501c3 non-profit corporation. I understand that no USA based animal rescues receive financial assistance from their government; and therefore, depend on public donations to support the animals in their care. I understand that rodents, like all pets, absolutely do sometimes require expensive veterinary care with medication(s). I understand that rodents must always be fed a variety of fresh daily foods and often have cage supplies (e.g. cage pan fabrics, litter material, water bottles, and cleaning supplies) replenished or replaced. Because of these expenses, I agree to pay a **\$20.00 release fee PER rodent** to *TTRR* to help with the care of the rodent(s) I release to them.
